About PREScore™

PREScore™ (or Personal Readiness to Exit Score) is an 8-minute, online questionnaire that evaluates a business owner's readiness to exit their company on a personal level. Using an exclusive algorithm, PREScore™ calculates whether a person - and their team - can continue to thrive by identifying their status on 4 drivers of a satisfying exit. PREScore™ determines the at-risk areas and provides personalized recommendations for improvement, helping owners create a personal plan that ensures a happy and lucrative exit.

Maybe it's time to step back and let others step up. Let's answer the question together: **Now what?**
